Great Stuff

From home improvement to outdoors, automotive to electronics, here's the newest gear you'll want to own.

EDITED BY CLIFF GROMER

Oil's Well

Changing oil in inboard boat engines, generators, lawn mowers, motorcycles, ATVs, even automobiles is easy and mess-free with the Pela 6000 Oil Extractor. Pumping the handle creates a vacuum in the container, which draws out the oil automatically through the oil filler opening with no need to remove drain plugs. Calibrations on the container show how much oil is extracted. The Extractor is available through marine stores for \$42.99. Contact Pelican Marine, 77 8th St., Suite 206, Oakland, CA 94607; 888-272-7964.
